Tuesday Dec 7th 6:00 pm-8:00 pm
Saturday Dec. 11th 9:30-11:30 am

Further information:

There will be a selection of toys, games, puzzles, dolls, crafts, books, and stuffed animals for you to choose from. We make sure to get each of your kids a few gifts for the holidays, though we do not supply clothing.

Christmas is for surprises and so we ask that you arrange for childcare or bring along someone to watch your child(ren) while you shop. Only adults are allowed into the Sykes Toy Store.

In order to make sure everyone stays healthy for the holidays, we will require masks when shopping in the Toy Store.

For anyone who has shopped with the Sykes Toy Project before, due to COVID-19 and in an attempt to make this process smoother for all we are changing the way we do things. Instead of shopping being on a first come first serve basis and lining up outside the building, each person will choose a 30 min time window in which to arrive. This will allow us to reduce the time you spend waiting and make sure we have adequate space for social distancing.

How to Sign Up: please visit <https://www.eventbrite.com/e/sykes-toy-project-shopping-tickets-174456503097>

This will allow you to pick the day you would like to shop, then you will pick the ticket of the time window that works best for you. This site will also collect your name, email address, phone number, and names and ages of your child(ren) so we are ready for you when you arrive! You can either print off your ticket and bring it along, use the Eventbrite app which will save your ticket for you, or you can take a screenshot of the ticket and show it to us when you arrive. Tickets will be available until the day before the event or until they run out.
