

OUR HISTORY

The Community Crisis Center, Inc. (CCC) was founded in 1982 by local ministerial and civic groups to serve residents in need.

Although our funding base has since expanded, CCC still relies heavily upon donations from local congregations, organizations, individuals, and families.

CCC's mission is made possible by our many valued volunteers who contribute countless hours of dedicated time and service.

After decades of service to the community, CCC continues to support local individuals and families with basic needs.

As we look to the future, CCC will continue to expand our programs and partner with other local organizations to improve the quality of life in Reisterstown, Owings Mills, and Glyndon.

We support our neighbors when they need it most.
